### From the Editor's Desk.....

Dear Readers,

It is indeed a happy occasion to place the News Letter Vol.XII for the period from June 2012 to Nov.2012. The vibrant activities of the staff and students could be found appreciable. When they leap forward academically they did not lag behind in Extra Curricular activities and sports. A new phenomenon of this period is the opportunity extended to the +2 students of all adjoining Higher Secondary Schools to make use of our laboratory. It was really an exhilarating experience for the students who had not come across such well furnished state of the art laboratories in their school. The Rotaractors of our college continued to rattle the stages and harvest the prizes in the competitions.

The ever encouraging management, the unlimited support of the faculty members and the involvement of the students make this period a blissful one. I look forward to a more brilliant and flourishing semester in 2013.

**Dr. S. Babu**
