From the Editor's Desk.....

Dear Readers,

It gives immense pleasure to me to present unto you the 6th edition of the News Letter. It is a reflection of the Academic Excellence and Extra Curricular Activities of our students and our Faculty as well. The cent percent results in the Examinations from our two postgraduate departments require appreciation. The Management too have taken genuine efforts to improve the infrastructure in the college campus. The installation of a R.O. Plant for providing potable water and renovation of Seminar Hall & College Office with better communication facilities have given a magnificent look to our college. I strongly believe that the collective and inclusive approach of our management and staff will ensure effectiveness in the progress of our institution in the coming academic year.

(N.Mani)
