From the Editor's Desk.....

Dear Readers,

The dawn of New Year 2010 gives me immense pleasure to greet you all with this eighth issue of News Letter. As usual we organised a number of educative seminars and entertaining events between Dec. 2009 & May 2010. This News Letter encapsulates them all to enable us recall.

The most significant event which needs special mention was the National Conference on the ' Role of Information Technology in Management which was successfully organised with the encouragement, co-operation and patronage of Management, Faculty Members and Students.

We selected the best outgoing students and awarded them cash prizes and certificates as a token of our recognition and appreciation. With such novel concepts and innovative features, we are restlessly striving to make our college glow as the Supreme Star in the galaxy of institutions. This is not impossible if the experience of every one of us gets reflected on our performance.

The rest - in our next.
